

# QUICK-START GUIDE DENON DJ MC4000

serato

DJ INTRO

# Installation and Setup

The Denon DJ MC4000 is a class compliant USB plug and play device for Mac and Windows.

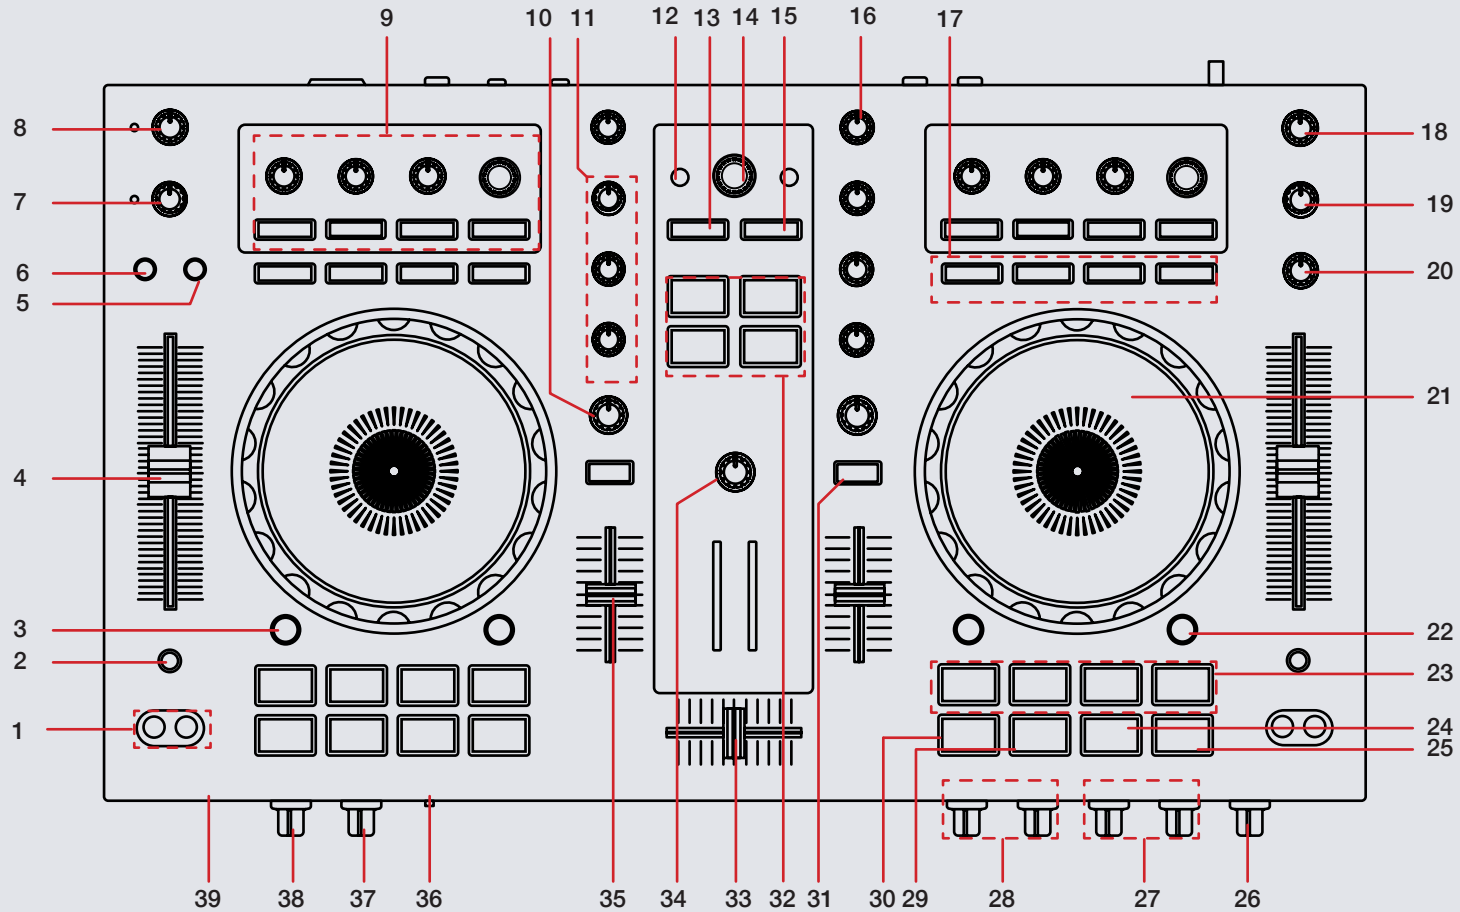

1. Download and install the latest version of Serato DJ Intro from <http://serato.com/dj/downloads>
2. Connect your Denon DJ MC4000 to an available USB Port.
3. Open Serato DJ Intro.
4. The Denon DJ MC4000 platters require a few touches by the user in order to calibrate to their environment. After power up and start of Serato DJ Intro, tap the platters a few times to set their sensitivity.

11	MIC 2 INPUT	Mic 2 TRS input
12	MIC 1 INPUT	Mic 1 TRS/XLR input

## Performance Pads

The performance pads let you set, trigger and delete Cue Points 1-4 from Serato DJ Intro.

- Hot Cue (1-4) Mode: When pressing pads 1-4 you can add 4 Cue Points. Holding SHIFT and pressing pads 1-4 will delete the Cue Points.

## Sampler

The MC4000 has 4 dedicated Sampler pads to play samples loaded in your Sampler slot. If no sample is loaded, pressing pads 1-4 will load the currently highlighted track in the library to the respective sampler slot.

Adjust the Sampler output volume using the Sampler knob below the pads.

MC4000 Control	Sampler	Shift
SAMPLER 1-4	Trigger Sample slot	Stop playing sample

## DJ-FX

You can have up to three different effects active per Virtual deck within Serato DJ Intro with the Pioneer DDJ-SB.

MC4000 Control	Serato DJ Intro	Shift
FX KNOB 1-3	Adjust FX 1-3 depth	FX slot select 1-3
BEATS KNOB	Adjust Beats multiplier timing	
FX ON 1-3	Turn FX 1-3 On/Off	FX slot select 1-3
TAP	Tap Tempo (Hold for Auto)	Toggle Single/Multi FX mode

## Looping

You have the choice of Auto or Manual looping within Serato DJ Intro with the Denon DJ MC4000.

MC4000 Control	Serato DJ Intro	Shift
AUTO	Auto Loop On/Off	Auto 4-beat loop
X 1/2	Half currently selected Loop	Set manual Loop In point
X 2	Double currently selected Loop	Set manual Loop Out point
RELOOP	Reloop / Loop Off	Loop Roll (hold)

**NOTE:** The best way to edit the start and end points of a manual loop is with the jog wheel/platter on your Denon DJ MC4000.

## Using the Tool Tips

Click on the  icon to enable Tool Tips. This is located in next to the setup button in the top right hand corner of the screen. Tool Tips provide a handy way to learn the various features of Serato DJ Intro.

Move the mouse over a section of the screen to bring up a context sensitive tool tip. Holding the mouse over the  button with Tool Tips turned on will show you a list of all keyboard shortcuts.

For more information about how to use Serato DJ Intro, please go to our website [www.serato.com](http://www.serato.com) or refer to the Serato DJ Intro Software Manual.

For more information on your controller, please refer to the hardware manual.
